* A qualifying educational institution is a fundamental Christian college or university that meets the description of an educational institution described in Section 170(b)(1)(A)(ii) of the Internal Revenue Code, to wit: an educational institution which normally maintains a regular faculty and curriculum and normally has a regularly organized body of students in attendance at the place where its educational activities are carried on. Such educational institutions include secondary schools, colleges and universities.

Please submit the following with this application:

1) Your personally written testimony of faith in Christ

2) Three recommendations from references who have known you for at least two years—one reference must be your pastor and the other two should not be related to you. Each reference should explain why you should qualify for a scholarship from DNSF and should include his or her name, address and phone number.

3) Copy of your parents' latest federal income tax return (i.e. IRS Form 1040, 1040A, or 1040EZ) or its equivalent if your family does not reside in the U.S. If your home country does not have an equivalent to this form, please include a note of explanation.

Grantees shall use grants to pay tuition required for enrollment, fees, books, supplies and equipment required for courses of instruction at the qualifying educational institution. If the scholarship is awarded, funds will not be released until you are enrolled in the qualifying educational institution.

Returning Applicants: If you have received funds in prior years and are reapplying to DNSF, we will need a new application, parents' latest tax form and a FAFSA.
